

Let's Scale Together

Virtual Meet & Greet

Aug-22 Cohort

Date of Session: 10th Aug 2022

Welcome to Scaler!

Purpose of the session:

- Help you understand how to use Scaler effectively.
- Introduce us / get to know you.
- Understand the why and how of what we will do for the next few months.

Surprise gift:

- We will do 12 quizzes as part of today's session. Top 3 scorers will get a surprise gift. Update your settings page.

Small Request:

- Please reserve the questions to the end.
- Why? - It's possible we end up answering most of your questions in the session ;)

Agenda

- Why software engineering.
- Philosophy of Scaler.
- How are we going to learn?
- What are we going to learn and why?
- Career paths post Scaler.
- Important policies and contacts.
- Todo items for you + what next? (First week agenda)
- Master's Degree Program by Scaler Neovarsity
- Minor Q&A today, Major one tomorrow.

Why do you need to do this?

SOFTWARE IS
EATING THE WORLD

1

Hard Work

Owner: You!

2

Smart work / Show the path

Owner: SCALER

3

$$1.01^{365} = 37.8$$
$$0.99^{365} = 0.03$$

Consistency

Owner: You!

How are you going to learn?

6 Pillars @ SCALER:

- Journey Personalisation
- Live Teaching by Practitioners
- Hands on learning assisted by TAs
- 1:1 Mentors
- Peer to peer learning
- Career Support

Journey Personalisation - Different entry point but the same end

Beginner

Intermediate

Advanced

- Everyone is different. We learn at different pace, we start at different places.
 - Help us understand where you are. Please take SAT test on your dashboard.

On your dashboard, you should be able to see something like →

The screenshot shows a user dashboard with the following elements:

- Header:** A navigation bar with a menu icon, a status bar showing "Course Active", "Batch: Academy", and "July22 Intake", a search bar, and user stats including "Lounge", "75", "0", and "Goal 0/200".
- Upcoming Events:** A section titled "Upcoming Events" containing a "Live Class" event titled "Meet and Greet" scheduled for "13 Jul, Wednesday | 9:00 PM".
- SAT Test Promotion:** A prominent banner with the text "Fix your batch NOW! Take the Scaler Assessment Test (SAT)". It includes a timer showing "Time Left: 05d : 23h : 58m" and a "Take Test" button. The text below the banner states: "Last date to take the SAT is 17 Jul 2022. Based on the results: A Beginner, Intermediate or Advanced batch will be allocated to you. For more info on SAT and different types of batches, please [click here](#)".

Journey Personalisation Contd.

Select your time-slot from the available options after giving your SAT. Here's how it looks for Advanced-qualified learners.

Structured Learning Path

Based on your SAT results, you have been qualified for the Intermediate batch! Select your preferred batch from the options below.

Please note that Intermediate batch is for people with prior coding experience but little/minimal exposure to Data Structures & Algorithms, whereas Beginner Refresher batch is for people with little/minimal coding exposure and wish to brush up basic coding skills. The Beginner Refresher module only teaches the basics of coding. So, if you are a Java coder, then Beginner Refresher does not cover Collections, but rather on the ability to write basic codes.

Based on your SAT results, we highly recommend you select the Intermediate batch. For more info, [please click here](#).

Pillar #2: Live Teaching

- Who teaches?
 - Best person for the job - Practitioners.
 - Most experienced is not always the best fit.
 - Teachers change across modules
- How do they teach?
 - Live. On Scratchpads.
 - Their success depends on batch homogeneity. Hence, take SATs ;)
- When do they teach? Thrice a week.
 - Every section has a 9pm slot.
 - Morning 7am slot in every section except for Beginner Python (Both complete and refresher). Morning slot in Python batch contingent on enough people opting for slots.

Different batches and their class-schedule

after the first week of introductory classes at 9pm

Java Beginner Batches	Python Beginner Batches	Intermediate Batches	Advanced Batches
<p>Complete Beginner Evening / Refresher Beginner Evening</p> <ul style="list-style-type: none">* Tuesday 9pm* Thursday 9pm* Saturday 9pm	<p>Complete Beginner Evening / Refresher Beginner Evening</p> <ul style="list-style-type: none">* Tuesday 9pm* Thursday 9pm* Saturday 9pm	<p>Intermediate Evening</p> <ul style="list-style-type: none">* Monday 9pm* Wednesday 9pm* Friday 9pm	<p>Advanced Evening</p> <ul style="list-style-type: none">* Monday 9pm* Wednesday 9pm* Friday 9pm
<p>Complete Beginner Morning / Refresher Beginner Morning</p> <ul style="list-style-type: none">* Tuesday 7am* Thursday 7am* Saturday 7am	<p>Python Beginner Morning</p> <p>*conditional to enough people in the batch</p>	<p>Intermediate Morning</p> <ul style="list-style-type: none">* Wednesday 7am* Friday 7am* Saturday 8.30pm	<p>Advanced Morning</p> <ul style="list-style-type: none">* Wednesday 7am* Friday 7am* Saturday 8.30pm

Pillar #3: Learn by doing assisted by TAs

Time for some demo

Pillar #4: 1:1 Mentors

Time for some more demo

Pillar #5: Peer to peer learning

- Most important pillar.
- Tools you have
 - Slack : Check email for invite (Check spam / search from:slack.com)
 - Whatsapp: Link to join on Slack August batch channel you are added to
 - Scalerverse: Learn, Live, Fun anyone? Overbooked right now :(

How to supercharge p2p learning:

- Post your intros on Slack (#01-intros) and update profile.
- Join interest based channels
- Approach people. Find scaler buddies.

Scaler Verse and offline Meetups !

What is ScalerVerse ?

- A whole new concept of community learning. Meet your scaler peers, interact and experience a new way of learning together. All of this offline !
- We are live in Bengaluru !

Coming soon in Delhi,
Hyderabad, Pune and
Chennai

Do Community members meet offline ?

Glimpse inside Scaler Verse -

<https://bit.ly/3dkvArs>

Link to join the waitlist - [click here](#)

Pillar #6: Career support

- 3 channels via Scaler:
 - a. Scaler connecting with own partner companies
 - b. Scaler hiring portal being used by recruiters [Forever]
 - c. Scaler alums / mentors / TAs referring you [Forever]
- Scaler policy for (a):
 - a. Scaler does not influence company hiring policy. Companies have 2 kinds of criteria:
 - Background filter (This varies from company to company. Some company don't have this for entry / senior entry level positions).
 - Skill filter - Failed mocks not visible to anyone.
 - b. Timeline: 6 months post completion of your last mandatory class.
- Fair opportunity policy:
 - a. Once you accept an offer, then 1.6X rule applies.

What are you going to learn and why?

Teaching mode: On ;)

Career Paths post Scaler

Broadly 6 types of career transitions (in no order):

- Stay at current company, and grow into more senior role.
- Move to a better company (*higher paying/better growth/better work*) at similar seniority or lower seniority.
- Move to a better company at higher seniority (Rare, experience matters, rule of promotion - hence be careful)
- Move to a new company after a long break (Seniority varies - continue from where you left off)
- Move to a new company in a SDE / DE role from software adjacent roles (Mostly entry level. Project portfolio important. Exception cases).
- Move to a new company from non tech (Definitely, entry level. Project portfolio important. Can be any company from service to FAANG, depending on how much you learn - think it as a step by step journey)

Upcoming Classes

- This week, you'll have Introductory Classes at 9pm only. Your next class is tomorrow which is an AMA class - Thursday, 9pm. Next class on Sat is a technical class.
- Aug 14th, **Sunday 11.59pm is the deadline for SAT**. Please take the test asap.
- Aug 15th, Monday: No classes. We'll be **allocating batches for you all based on SAT results and preferences shared**.
- Aug 16th, Tuesday onwards, you'll have classes as per your allotted batches.

Master's Degree Program by Scaler Neovarsity

- Scaler Neovaristy, which is backed by Woolf University in Europe, offers you a Master's Program. You can get a “Masters in Computer Science” degree which has the same credibility as any other MSc degree from prestigious European Universities.
- What more? You'll get all the Scaler advantages: taught and mentored by Industry experts, and a course that is as rigorous and industry-ready as - if not more than - the top MS programs in the world.
- For more details on the Master's Program:
 - Visit <https://www.scaler.com/neovarsity/>

*We will organize a Live AMA session soon to answer your questions about the program

Q&A.
